November 2021

Dear Patient,

**Cricklewood GP Health Centre, Britannia Business Centre, Cricklewood Lane, NW2 1DZ**

We write to provide a further update on the change in provider and the relocation of the practice.

Penceat Medical Ltd, who was the successful provider following the procurement, will commence on the 1st December 2021 from Cricklewood Health Centre. Penceat Medical Ltd is led by GPs and staff with knowledge and experience of providing health care services in London, and they are looking forward to delivering services at the practice and meeting the registered patients.

The current provider Barnet GP Federation, who has been caretaking the practice, their contract will end on 30 November 2021 and the CCG is very grateful to Barnet GP Federation for stepping in and delivering GP services to patients registered at Cricklewood Health Centre.

Although the GP provider is changing, we expect that the doctors, nurses and other practice staff will remain unchanged because many will transfer to Penceat Medical.

**Meet and greet event**

Members of Penceat Medical would like to invite patients to meet with them to introduce themselves and to hear your views on the practice. Penceat have booked the following venue below which is 0.3 miles and 2 minutes walk from the practice and they will hold two sessions at 1pm and 6pm.

Cricklewood Trades Hall  
134 Cricklewood Lane  
NW2 2DP

Date : Tuesday 30 Nov 2021

Time: 1pm and 6pm

## **Update on the new premises and practice relocation**

There are still plans to relocate the practice to new premises, which is based at 10 Oaklands Road, Cricklewood, NW2 6DH, 0.3 miles and 6 minutes walk from the Cricklewood Health Centre. The CCG is currently working with Penceat Medical on a programme of works to ensure the site is fit for primary care services. We hope the building will be ready to relocate the practice early next year and we will write to all patients again to confirm the date of the relocation.

### **What does this mean for patients?**

You do not need to do anything. You will continue to be registered with the practice and your GP services will, for the next few months, be provided at Cricklewood GP Health Centre, Britannia Business Centre, Cricklewood Lane, NW2 1DZ. There will be no change in the telephone number 0300 033 4335.

Over the coming weeks, the CCG will work closely with Penceat Medical Limited and Barnet GP Federation to ensure there is a smooth transition.

Further information about Penceat Medical can be found at their website [www.penceatmedical.com](http://www.penceatmedical.com) and updates in respect of the premises move can be found at [www.cricklewoodgp.co.uk](http://www.cricklewoodgp.co.uk).

We hope you find this letter helpful. If you have any questions, please contact the surgery or our Primary Care Team on 020 3688 1993 or via [nlphc.lon-nc-pcc@nhs.net](mailto:nlphc.lon-nc-pcc@nhs.net)

Yours sincerely,

Vanessa Piper  
Assistant Director of Primary Care
